Notes:

Performed teaching practice - active teaching activities of students (trainees) under the direction of coach teacher based on written preparation. It has two forms: ongoing performed teaching practice and continuous performed teaching experience. Students undergo continuous performed teaching practice from one subject of their approbation in the second semester of master studies (in range of 20 hours per semester) and in the 3rd semester from the second subject of their approbation (in range of 20 hours per semester). Students has completed the continuous performed teaching practice in the fourth semester of master studies in the range of 40 hours for each subject of their approbation - 20 hours of them in primary school and 20 hours in secondary school (from the first subject of their approbation: 40 hours = 20 hours in primary school + 20 hours in secondary school, from the second object of approbation: 40 hours = 20 hours of primary school + 20 hours secondary school).
