

INFORMATION SHEET

Name of the university: J. Selye University	
Name of the faculty: Faculty of Education	
Code: KPP/BP/ PPe/12	Name: Bachelor Thesis
Types, range and methods of educational activities: Form of study: Recommended extent of course (in hours): Per week: For the study period: Methods of study: present	
Number of credits: 10	
Recommended semester/trimester of study: 6.	
Level of study: I.	
Prerequisites:	
Conditions for passing the subject: Student in the concieved final thesis has to demonstrate the ability to work productively in the field of study in which (s)he studied. Processing the final thesis, the student has to show the ability to independently acquire theoretical and practical knowledge and creatively apply them and use in solving specific problems. Diploma thesis may have the character of theoretical, research and applicative. The result of thesis defense is evaluated with grades from the range of A to Fx. The defense of bachaler thesis proceeds colloquial exams. Classification of assessment: A (100-91%), B (90-81%), C (80-71%), D (70-61%) E (60-50%) Credit will not be granted to student who does not obtain more than 50%. Thesis has to meet the requirements. Student at the defension has to demonstrate the capability of problem solving on the basis of knowledge of field of study, pedagogical-psychological and social understanding in the context of study-field; evaluates the quality of procession of thesis in accordance with assessment criteria, the argumentative abilities of the student. The author of the thesis must be able to answer adequately the questions of the opponent and supervisor in order to defend it successfully.	
Results of education: The supervisor and opponent assess the final thesis. They execute assesment about the thesis, in what the formal ways are evaluated (according to AIS) the quality of processing the theoretical and practical parts of the work, the merits and applicability of it. It evaluates the selection of a sufficient number of relevant literary sources and organizing them into a coherent whole. The supervisor and opponent give recommandations and put questions to the author of the thesis.	
Brief syllabus: Final tesis writing in accordance with the requirements.

INFORMATION SHEET

Name of the university: J. Selye University	
Name of the faculty: Faculty of Education	
Code: KPP/MJL1/ PPe/12	Name: Methodology of teaching Hungarian language and literature 1
Types, range and methods of educational activities: Form of study: Lecture / Seminar Recommended extent of course (in hours): Per week: For the study period: 5s / 10s Methods of study: present	
Number of credits: 4	
Recommended semester/trimester of study: 1.	
Level of study: I.	
Prerequisites:	
Conditions for passing the subject: The student has to give a presentation during the semester (25%) and hand in a seminar work (25%); oral exam during the exam period (50%). Evaluation: A (100%-90%), B (89%-80%), C (79%-70%), D (69%-60%), E (59%-50%).	
Results of education: By passing the course the students acquire both theoretical and empirical knowledge about the importance and purpose of pre-school communication. The topics of the course include: possibilities of literary listening, vocabulary activities, and the benefits of using drama-based pedagogy. Having a theoretical and empirical overview of these issues is a necessary tool for a successful practice of a pre-school teacher.	
Brief syllabus: <ul style="list-style-type: none"> - The laws of communication. - Basic communicational situations in pre-school. - Possibilities of improving the active vocabulary of children. - Language and conversational activities. - Creating, reproducing and presenting texts.
