<b>Number of credits:</b> 4	
<b>Recommended semester/trimester of study:</b> 1.	
<b>Level of study:</b> I.	
<b>Prerequisites:</b>	
<b>Conditions for passing the subject:</b> During the semester are realizing two written tests of which the student is evaluated. To obtain of A evaluation from practice is necessary to obtain in total at least 90 points, on the valuations B at least 80 points, on the valuations C at least 70 points, on the valuations D at least 60 points and at least 50 points for E. The student participates in an examination which is written and oral. Half of the subject evaluation consists from the valuation of exercise, 50% of the test. For successful absolve of both the evaluated parts must achieve a minimum rating of "E".	
<b>Results of education:</b> After completing the course students know the basics of informatics in terms of user, both from the site of hardware as well as software. In exercises the emphasis is placed on mastering the basic program package needs for managers, as well as for use them in other subjects, for example in statistics.
