The purpose of the subject: To introduce the establishment of Church, the initial phases of the development of Church, at the area of ancient culture. We do this via the literature sources and authoritative historical works. We aim to illustrate, how did the Hellenistic civilization receive the gospel of Jesus Christ. The curriculum surveys the history of Church from the persecution until the early Middle Ages. Introduces the important ecclesiastical personalities and the ecumenical synods. It is also concerned with the liturgical development of the Church.
