Types, range and methods of educational activities: Form of study: Recommended extent of course (in hours): Per week: For the study period: Methods of study: present					
Number of credits: 4					
Recommended semester/trimester of study:					
Level of study: I.					
Prerequisites: KHI/HIdb/BSH/15					
Conditions for passing the subject: Draw-up, submission and successful defence of the bachelor's graduate thesis (min. 1 appraisal by the primary supervisor or the opponent, cannot be graded Fx).					
Results of education: The students are capable to process the results of their own research and to argue logically in a discussion. They can create their own scientific text. By having elaborated their final thesis, the students prove their ability to work with scientific literature autonomously and creatively. The students are expected to defend their bachelor's thesis before the Final State Examination Committee.					
Brief syllabus: The form, structure and scope of the bachelor's thesis is determined by the Rector's relevant directive on the layout, registration, disclosure and archiving of final theses at the University of J. Selye. The authors are obliged to assess the sources and resources related to the topic, to describe the course of their own research and to draw conclusions on the analysis. In the course of the defence, they react on the comments of the primary supervisor and the opponent, and answer the questions of State Examination Committee's members.
